A fee of \$5.00 will be charged for all Changes of Registration after January 21, 1992.

THE CHANGE OF REGISTRATION IS NOT EFFECTIVE UNTIL THE FORM IS FILED IN THE SCHEDULING OFFICE, AND THE DATE FILED IN THE SCHEDULING OFFICE IS THE EFFECTIVE DATE OF THE CHANGE.

2. For undergraduate students, approval signatures must be obtained from your advisor and Assistant Vice President for Academic Affairs, Dr. Marlene Strathe.

EXPLANATION OF COURSE NUMBERS

The first two digits of the number are the Subject Area (or Department) number.

If the first digit after the colon is a "0" this indicates a course which is open primarily to freshmen and sophomores.

If the first digit after the colon is a "1" this indicates a course which is open primarily to juniors and seniors. If there is a "g" after the course number this indicates the course carries graduate credit for graduate students; however, juniors and seniors may enroll in these courses.

EXPLANATION OF COURSE NUMBERS (Continued)

If the first digit after the colon is a "2" this indicates a course which is open primarily to graduate students, and undergraduates seeking admission to the course must secure the permission of the head of the department offering the course.

If the first digit after the colon is a "3" this indicates a course which is open primarily to doctoral students, and graduates seeking admission to the course must secure the permission of the head of the department offering the course.

Sections numbered in the "80's" (or "8" and a letter) meet the first-half of a semester. Sections numbered in the "90's" (or "9" and a letter) meet the second-half of a semester.

PREREQUISITES

An entry in parentheses after a course title indicates a prerequisite to be satisfied before enrolling for the course.

SPECIAL SECTIONS

Some course listings and section numbers are followed by a letter or sign. The meaning of these designations is explained below:

N	Nurses only
S	Special sections
L	For students majoring in lower elementary education
U	For students majoring in upper elementary education

STUDENT CLASS SCHEDULES

Upon completion of registration each student is given a copy of their schedule.

A charge of \$1.00 will be assessed for all additional copies of student class schedules.

REPEATING COURSES

Students must identify any course which is being repeated. Print an "R" in the Special column on the registration form or Change of Registration form.

AUDITING CLASSES

Students may register for audit by printing an "A" in the Special column on the registration form. The student's name will appear on class and grade lists with audit identified. Student grade reports and transcripts of student records will not automatically show course listing or notation of audit if the student is registered for other courses. Students registered only for audit would have a grade report and a transcript listing which would show only the word "audit". In either case the course title would not be listed unless a student request approved by the instructor showing the student regularly attended the course is filed in the Office of the Registrar.

Students registering as auditors may change to registration for credit upon recommendation of the course instructor and approval of the Office of Academic Affairs.

Audit hours are included in the maximum credit hour load a student may take. Students may audit a course, but the fee assessment will be the same as courses taken for credit.

APPLICATION FOR GRADUATION

A student who expects to graduate at the end of the Spring 1992, Semester must file an application for degree form by the end of the second week of the semester in the Registrar's Office or Scheduling Office.

EXTENSION OF CREDIT/EDUCATIONAL LOAN

Registration for classes creates a legally binding financial obligation to pay tuition and fees per official University policy, as summarized in this publication.

You are expected to have made the necessary financial arrangements prior to enrolling for classes. Any financial assistance from the University must be arranged prior to the start of classes through the Financial Aid Office. You are responsible for making all payments due while a Financial Aid application is in process.

Your registration for classes constitutes your understanding and acceptance of this responsibility. The University considers this extension of credit to be an "educational loan" under Federal and State laws. This credit is automatically extended unless you have a Credit Restriction.

BILLING/STATEMENT OF ACCOUNT (U-BILLS)

Tuition, fees, room, board, University Apartment rent, and other authorized departmental charges will be billed on a monthly statement. Students who have an account balance will be mailed a bill based on activity entered through the tenth of the month.

Bills are mailed to the local address on file with the Registrar's Office while school is in session. When school is not in session, bills are mailed to the home address. You are responsible for maintaining your mailing address with the Registrar's Office.

Failure to receive a bill is not an acceptable excuse for not making your payment when due. If you do not receive a bill as expected you must contact the Accounts Receivable Office to determine the reason.

FINANCIAL AID DISBURSEMENT/REFUND CHECKS

Grants, scholarships, and Perkins Loans will be credited to your account. If your credits exceed your charges, a refund check will be mailed to you about one week after each scheduled Billing Date.

Stafford and SLS Loans must be picked up at the Cashier window.

PAYMENT INSTRUCTIONS

Please bring your payment to the Cashier window or drop box in Gilchrist Hall, or mail your payment to the Accounts Receivable Office.

Payment is due upon billing and must be received by the Due Date to avoid Restricted Enrollment Status and the accompanying \$10.00 fee. If your University account is not paid in full by the first Due Date, you will automatically be enrolled in the Deferred Payment Plan.

DEFERRED PAYMENT PLAN

The University offers a Deferred Payment Plan for tuition, room, and board charges (less Financial Aid credited to your account). The Deferred Payment Plan allows you to make these payments in four installments (registration and residence hall contracts completed after the first billing of the semester require payment of the first installment without receipt of a bill).

The administrative fee for using this plan is \$10.00 per semester (to avoid this fee you must pay the Total Due each month by the Due Date). Once assessed, the Deferred Payment Fee is non-refundable.

The amount to pay will be indicated as the Minimum Due on your bill. If Financial Aid is subsequently credited to your account after the Billing Date, you must contact the Accounts Receivable Office to have your Minimum Due recalculated. Failure to make timely payments will result in revocation of the privilege to pay in installments.

RESTRICTED ENROLLMENT (A/R HOLD)

Failure to pay at least the Minimum Due by the Due Date incurs a \$10.00 non-refundable administrative fee and places you on Restricted Enrollment.

You will not be allowed to register, obtain transcripts, or receive any additional credit or Short Term Loans until your account is brought current. Habitual or large delinquencies may result in cancellation of your registration and an order to vacate University housing.

Restricted Enrollment (A/R) holds are automatically removed when you bring your account current.

CREDIT RESTRICTION (BURSAR HOLD)

Students who have neglected their financial responsibilities to the University will be placed on Credit Restriction. Credit Restrictions may also be placed for other reasons at the discretion of the University Bursar. Under Credit Restriction, tuition, fees, room, and board must be paid in full prior to the start of classes. In addition, you are not eligible for Short Terms Loans through the University.

WITHDRAWING FROM SCHOOL

The information set forth below applies to students who withdraw completely from school. Dropping one or more classes does not constitute a withdrawal unless the student drops all classes for which he or she is registered. Do not attempt to withdraw your registration by filing a change of registration form. Contact the Registrar's Office. If all classes are dropped, this is a withdrawal and the information below applies.

WITHDRAWAL PROCEDURE

A student who has started attending classes who finds it necessary to withdraw from school initiates the withdrawal through the Office of the Registrar. Students living in a residence hall also must cancel their housing contract through the Director of the residence hall where they live. Students who have a Perkins Loan must contact the Financial Aid Office.

A student who has registered but decides not to come to the University of Northern Iowa should advise the Registrar's Office in writing as early as possible, listing the reasons for withdrawing from the University.

WITHDRAWAL AFTER CLASSES BEGIN WILL RESULT IN A TUITION CHARGE. If you received Financial Aid from the University all or part of this aid may have to be repaid.

WITHDRAWAL REFUNDS

If credit is earned during a period of enrollment there is no refund of academic fees for that period. For any one-, two-, or three-week session there is no refund. Room and board refunds are made according to the agreement set out in the "Contract for Room and Board" signed by the student at the time of enrollment.

Tuition is refundable on the basis of the percentage table given below. The effective date of the withdrawal is the date the official withdrawal form is completed in the Office of the Registrar.

Students who withdraw completely prior to the day University instruction begins for a semester normally will not pay any tuition for that semester. If any tuition has been paid, it will be refunded in full. After University instruction begins for a semester, tuition charges or refunds will be made in accordance with the schedule set forth below. For example, if a student withdraws during the first week of classes, 10% of the total tuition will be charged; or, if the total tuition has been paid, 90% will be refunded.

The schedule for charging or refunding tuition for the 1991 Spring Semester is as follows:

Withdrawals During Week	Percentage of Tuition Charged	Percentage of Tuition to be Refunded if Paid
January 13-17	10%	90%
January 20-24	25%	75%
January 27-31	50%	50%
February 3-7	75%	25%
February 10 and after	100%	0%

MISCELLANEOUS INFORMATION

INFORMATION FOR VETERANS

V.A. Specifications

Subsistence	Undergraduates	Graduates
Full Allowance	12 or more hours	9 or more hours
3/4 Allowance	9-11 hours	7-8 hours
1/2 Allowance	6-8 hours	5-6 hours
Tuition Assistance Only	1-5 hours	1-4 hours

The above specifications are subject to the exceptions listed below. Veterans to whom an exception applies must check with the Registrar's Office prior to registration.

MISCELLANEOUS INFORMATION (Continued)

1. Half-semester courses are certified as such and will not count for a full-semester load.
2. The University will certify veterans for repeating courses only if a grade of "F" was received in the course.
3. Undergraduate students will only be certified for courses which are required for graduation.
4. Graduate students will be certified only for courses which apply to a specific program.
5. Graduate students are required to submit a statement of graduate intent prior to the initial semester of registration. Graduate students are required to complete an enrollment permit for each semester they attend. See the Registrar's Office for these forms.
6. Undergraduate courses taken by graduate students will be subject to the undergraduate regulations for determining full-time and part-time enrollment.
7. Veterans enrolling in courses on a Credit/No Credit basis and in courses offered by arrangement should consult the Registrar's Office.
8. Withdrawal from a course with a "W" can result in costly repayments to the VA. Veterans should consult with the Registrar's Office for more information.
9. Any veteran reported for non-attendance must be reported to the VA; training level will be adjusted in that semester to the instructor's recorded last day of attendance.

To make application for VA assistance, visit the Registrar's Office, Gilchrist 227, on Monday through Friday, 9-12 and 1-3:00.

GRADE REPORTS

Copies of grade reports no longer are sent to parents without the authorization of the student. Such authorization may be signed at the Registrar's Office.

GRADE POINT AVERAGE

Grades are evaluated in terms of quality points. For each hour of A earned, the student is credited with 4 grade points; for each B, 3; each C, 2; D, 1; F, 0. One third of a quality point is added for every hour in which a plus (+) is earned. One third of a quality point is subtracted for every hour in which a minus (-) grade is earned. Grades of A+, F+, or F- are not assigned. The grade index is determined by dividing the number of grade points by the number of hours of load.

Example:

	Hours	Grade	Grade Points
Introduction to Literature	3	C+	6.99
Humanities I	4	B+	13.32
Introduction to Psychology	3	C-	5.01
Calculus I	4	D-	2.68
Total	14		28

Grade point average is 28 divided by 14 for a 2.00.

Hours of credit/no credit, withdrawal and/or incompletes are not used in determining your grade point average.

The University reserves the right to remove students from courses for which prerequisites have not been met.

WARNING - PROBATION - SUSPENSION

A student is placed on one of these academic status when their UNI and/or total grade point average is less than 2.00. The status is determined by the number of grade points deficient from the number needed to obtain a 2.00 grade point average.

To determine grade point deficiency, double the total of attempted graded hours. If the actual number of grade points is less than this total, there is a grade point deficiency. In the example above the sample student had 14 hours and 28 grade points. If the student had earned 26 grade points, there would be a deficiency of 2 grade points from the number needed to obtain a 2.00 GPA and would have a 1.86 grade point average (26 divided by 14 = 1.86). A grade point deficiency of 1 through 5 grade points places the student's academic record on academic warning; 6 through 13 grade points, probation status; and 14 or more grade points deficient results in academic suspension.

WARNING - PROBATION - SUSPENSION (Continued)

If you have any questions about your academic standing please feel free to consult with representatives from either the Office of Academic Advising or the Registrar's Office.

CREDIT/NO CREDIT GRADING

The undergraduate student having earned twelve semester hours of credit at this University may take courses offered by this institution for which he/she is otherwise eligible for degree credit without grade under the following conditions:

1. The course work requirements for a student taking work on an ungraded basis shall be the same as for a student taking the work on a graded basis.
2. Effective with the beginning of the 1976 Spring Semester, a grade of C- or higher is required in a course to receive credit on the "Credit/No Credit" option.
3. Not more than 22 hours of ungraded course work in addition to courses authorized to be offered only for ungraded credit may be taken toward any bachelor's degree.
4. Ungraded credit may not be applied to work required for a major or minor except with the consent of the Head of the Department in which the course is offered.
5. Effective with the beginning of the 1976 Spring Semester, no course taken on the "Credit/No Credit" option may be applied toward fulfilling a General Education requirement.
6. Except for Field Experience: Exploring Teaching (20:017); Field Experience: Teacher as a Change Agent (20:018); and Student Teaching (28:xxx), ungraded credit may not be used in the Common Professional Sequence requirements for the teaching program.
7. Course work passed without grade may not be retaken except by special permission of the Dean of the College in which the course is offered.
8. A graded course completed may not be retaken on an ungraded basis.
9. The Credit/No Credit system may not be used with Credit by Examination, Extension, or Correspondence courses.
10. Change of registration in a course to or from a non-graded basis may not be made after ten calendar days following the beginning of the second half of the semester in a full, academic-year semester, or after the mid-point in the duration of a course taught in a period less than a full, academic-year semester. Only one such change of registration may be made per course.
11. Credit/No Credit grading cannot be used for Presidential Scholar Seminars or Presidential Scholar Thesis/Project credit.

DEGREE AUDIT AND ADVISEMENT REPORT

All undergraduate students, who entered UNI spring 1982 or later and who have formally declared a major will receive a degree audit and advisement report. The purpose of this report is to provide you with information on how the courses you have completed and are currently registered for apply to your degree requirements. This report is to serve as your guide for scheduling classes.

While we believe this report is basically self explanatory, extensive use of abbreviations was mandated by form size. The following is an explanation of the most common abbreviations and symbols.

891 = The term showing when you registered for the course and the curricular program year of your major. The first two digits show the year and the third digit the term. The academic year begins with the summer term; therefore 891 is summer 1989, 892 is fall 1989 and 893 is spring 1990.

TRN = A course transferred to UNI.

WAV = A course that has been waived and is no longer required.

SUB = A course which is substituted by another course.

X = Exempt or credit by exam.

P = Passed.

DEGREE AUDIT AND ADVISEMENT REPORT (Continued)

(C-) = The bracket indicates a grade which does not satisfy the course requirement.

% = Indicates regressive or duplicate credit.

= A course which repeats another course.
NOTE: During the semester you repeat a course you have previously taken, your hours needed may be inflated. This situation will adjust itself once you successfully complete the repeated course.

We have endeavored to show the results of any special student requests you may have had approved. These actions will most likely be shown by the WAV and SUB transactions listed above or in special comments.

Your degree audit and advisement report is divided into sections. The titles and explanation of those sections follow.

Graduation Summary

Your advisement report begins with your graduation summary. The section tells you by categories the hours you need to complete and the hours you have earned.

University Competency Summary

The university competency summary identifies your status towards meeting these requirements. If the status code is blank, then you still need to satisfy this requirement.

General Education

(79) If the word "satisfied" is listed under the hour and grade section of a group it means the category requirement has been met but the hours and grades have been plotted in another section such as your major. The needed hours of each group shows a range of hours from the minimum needed to the maximum allowed in that group.

(88) Each category will show as being satisfied or not satisfied. Courses, hours and grades will be listed with each requirement they satisfy. Therefore the same course may appear more than once on your degree audit.

Please pay close attention to the program hours needed total. This figure is the minimum number of hours you yet need to complete in the general education program.

Major

Your major summary is listed next. Grades with a bracket () do not satisfy the course requirement. Please pay close attention to your sub-group and elective requirements. You will find courses separated by an "and", an "or", or a semi-colon. Groups of courses will usually be preceded by a statement explaining your selection options for that group.

Minor

Next will occur your minor if you have one. The comments made above regarding your major are equally applicable with your minor.

Professional Sequence

If you are seeking teaching certification the next section will be the professional sequence.

(88) This program is for individuals graduating after June 30, 1989.

University Electives

The last section of this report is the courses you have completed that are considered to be university electives. These are courses that do not meet specific categorical requirements.

We hope you will find your degree audit and advisement report to be a valuable tool for charting your progress towards your degree. If you have questions about your report please feel free to contact your academic advisor, the Office of Academic Advising or your record analyst in the Registrar's Office.

STANDARDS OF ACADEMIC PROGRESS FOR FINANCIAL AID ELIGIBILITY

Standards of Academic Progress (AP) is a two part federal regulation to ensure that students receiving aid are 1) making progress toward a degree and 2) receiving a degree within a specific time period. The aid programs that are affected are: 1) Pell Grant, 2) Perkins Loan, 3) Supplemental Educational Opportunity Grant, 4) Federal, State, and UNI Work-Study, 5) UNI Grant, 6) Stafford Loan, 7) Supplemental Loan for Students, 8) Parent Loan for Undergraduate Students.

I. MAKING PROGRESS TOWARD A DEGREE

Students who enroll full time are expected to receive a minimum number of credit/hours that semester.

Semester No.	1	2	3	4	5	6	7	8	9	10	11	12
Undergrad hrs	10	20	30	40	50	60	70	80	90	100	110	120
Graduate hrs	6	12	18	24	30	36	42	48				

Students who enroll half-time are expected to receive all but 3 credit/hours that semester with a minimum of 6 hours (5 hours-graduate students).

II. RECEIVING A DEGREE WITHIN A SPECIFIC TIME FRAME

Students are expected to complete a degree within the equivalent of 12 full time semesters (8 semesters for graduate students). A half-time semester is considered one half of a full time semester.

STANDARDS OF ACADEMIC PROGRESS FOR FINANCIAL AID ELIGIBILITY (Continued)

III. OTHER GUIDELINES

Grades of A, B, C, D, Cr, or P are used as meeting the required hours. Audited classes or repeated classes for which a passing grade has been received, an incomplete grade, and a withdraw are not used as meeting the required hours. Summer classes are not required but are counted in the cumulative total hours to benefit the student.

IV. FAILURE TO MEET ACADEMIC PROGRESS (AP)

By not making progress toward a degree, a student will be first placed on Academic Progress Probation and may continue to receive aid. Should the student fail to meet Academic Progress again they will be suspended from receiving aid until proper methods are taken to regain eligibility. By not receiving a degree within a specific time period, a student will be suspended from receiving aid.

V. SEE A FINANCIAL AID COUNSELOR

A more thorough explanation of the Standards of Satisfactory Academic Progress and the measures to regain aid eligibility are available at the UNI Financial Aid Office, 116 Gilchrist Hall.

EVENING AND SATURDAY CLASSES

REGISTRATION PROCEDURES

STUDENTS ARE NOT TO ATTEND EVENING OR SATURDAY CLASSES UNLESS THEY ARE PROPERLY REGISTERED.

Admission

The University of Northern Iowa regularly schedules some of its residence classes during evening hours and on Saturday for the convenience of persons within driving distance of the campus. Persons enrolling for these classes are regular students and must be admitted to the University.

Admission for evening and Saturday classes can be accomplished in one of two ways:

- 1) Students wishing to meet requirements for a degree program must complete an application for admission and submit high school and any previous college transcripts. These materials are required to establish the necessary records for a degree candidate.
- 2) Part-time students who, at the time of first enrollment, do not intend to work toward a degree may be admitted as unclassified students by completing an application for admission and a request to be admitted as an unclassified student.

All students applying for admission must pay a \$20.00 application fee. Information about admission policies and procedures is available from the Admissions Office, 319-273-2281.

Registration By Mail

New students who have been accepted by the University intending to limit their registration to one class may register by mail after January 6, 1992.

Former students intending to limit their registration to one or two classes may register by mail up through January 6, 1992. Mail-in registration forms may be obtained from the Registrar's Office at the University of Northern Iowa upon request.

Mail-in registration also should indicate a first, second, and third choice of classes so an alternative is provided in the event the first or second choice is closed. Students must be careful to write the correct course and section numbers on the mail-in registration form.

Both graduate and undergraduate students registering by mail should indicate their major area of study at the top in the space provided for "Major".

Registration in Person

The Registrar's Office is located in Gilchrist Hall, Room 227. It is open from 8:00 a.m. to 5:00 p.m.

Students who are currently enrolled for the 1991 Fall Semester may register in accordance with the advance registration schedule printed in this Schedule of Classes. It is not necessary for students currently enrolled to file a notice of intent to register.

Students who are not enrolled for the 1991 Fall Semester who are planning to register for evening and/or Saturday classes in person must fill out and send in a notice of intent to register to the Registrar's Office at least two weeks in advance of the time the student plans to come to register. This notice of intent to register makes it possible for registration materials to be prepared so they will be ready when the student comes to register. The notice of intent to register form is available upon request at the Registrar's Office.

Offices will not be open between December 23, 1991 and January 5, 1992.

EVENING AND SATURDAY CLASSES (Continued)

REGISTRATION PROCEDURES (Continued)

Students who cannot register in advance may register the first evening the class meets by coming to the Registrar's Office prior to the time the class begins. The office will be open until 7:00 p.m. on Monday, January 13, 1992 through Thursday, January 16, 1992. Registering after the first class meeting is a late registration and a \$10.00 late fee will be charged.

Monday evening classes will meet weekly from January 13 through May 4, 1992. The final examination will be May 4.

Tuesday evening classes will meet weekly from January 14 through May 5, 1992. The final examination will be May 5.

Wednesday evening classes will meet weekly from January 15 through May 6, 1992. The final examination will be May 6.

Thursday evening classes will meet weekly from January 16 through May 7, 1992. The final examination will be May 7.

Saturday morning classes will meet weekly, unless otherwise indicated, from January 18 through May 9, 1992. The final examination will be May 9, or at a time designated by the instructor.

The University reserves the right to cancel a class if an insufficient number of students enroll in it, as well as to close classes when a maximum enrollment is achieved.

The fee for auditing a class is the same fee charged students who are enrolled for credit.

READING AND LEARNING SKILLS ASSISTANCE

Many students are surprised to find that learning skills which were adequate for high school are not sophisticated enough for University studies. Academic Advising Services provides two courses to help students strengthen current skills and develop new learning skills (such as note taking, test preparation, time management, memory, and concentration) so that they are prepared to meet the challenge of studies at the college level:

Speed Reading
Effective Study Strategies

These two courses meet twice a week for six weeks in 50-minute sessions. They are free, non-credit, and open to any UNI student. The courses are offered twice each semester, and multiple sections are scheduled each session. Registration dates are as follows:

1st Half-Semester Registration:	January 13-17
Classes Begin:	January 20-21
2nd Half-Semester Registration:	February 24-28
Classes Begin:	March 2-3

In addition, you are encouraged to request an appointment with a Study Buddy if you have concerns about your learning in a General Education course. You should also visit with an advisor if you have questions about your academic choices.

Academic Advising Services is located in 125 Student Services Center, 273-6023.

** All classes that meet on Tuesday and Thursday and begin on or during this hour.

Classes having sections numbered in the 90's will have their examinations in accordance with the regular examination schedule above. For those classes not provided for in the examination schedule, the examinations will be given on Friday, May 8, 1992 or during the last meeting of the class.

OTHER EXAMINATION INFORMATION

The examination schedule applies both to faculty and students. Unless previous arrangements have been made, it is expected that the official Schedule will be followed.

A comprehensive final examination, if required, must be administered at the time indicated on the final schedule. No final comprehensive examination shall be administered to a class within the last two weeks prior to the officially scheduled final examination period (excluding summer sessions or half-semester courses). In the week prior to the beginning of the final examination period, unit tests, papers, projects, and other assignments are permissible if announced in the course outline/assignment sheet/syllabus or prior to midterm.

For those classes which do not, in the instructor's judgement, require a final comprehensive examination the time of the officially-scheduled final examination will be used for other appropriate class activities, such as evaluation, reports, performance, or regular class work. Therefore, it is expected that the class will meet at the time of the officially-scheduled final examination, whether or not a final examination is administered.

The department heads shall have the responsibility for seeing that the final examination schedule and the relevant policies are followed. Students may report policy violations to the appropriate department head, in accordance with the University academic grievance procedures.

Student requests to take final examinations at times other than as scheduled will be granted for only the most urgent reasons. Excessive examination load, three on one day, is a justifiable reason for a change.

To request a change in the examination schedule, a student must:

1. Prepare a "Student Request" form (available from your advisor or department head) for each request. State the request and the reason for it.
2. A change in the examination time of an individual course must be approved by the instructor and the department head.
3. A request to change all exams must be approved by the Assistant Vice-President for Academic Affairs.

FINAL GRADE REPORTS

Final grade reports will be mailed to the students home address, May 25, 1992.

If a student wants a second copy of their grade report sent to an address other than their home address, a stamped, self-addressed number 10 envelope may be left in the Scheduling Office, Gilchrist 243.

GENERAL EDUCATION PROGRAM 1988

1. General Education Courses may be used to satisfy requirements for both the General Education program and the major, minor, and program emphases.
2. Departments offering a general education course may preclude their major or minor students from taking that particular course to satisfy the requirements for general education, the major, or the minor.
3. General education requirements can be met through CLEP examinations, departmental examinations, and the Advanced Placement Program of the College Entrance Examination Board. CLEP examinations do not include the mandatory laboratory course requirement. A student who receives CLEP credit in both the physical and biological sciences shall be considered to have fulfilled the laboratory requirement.
4. All courses taken to meet general education requirements must be taken for graded credit.
5. The general education program requirements apply to all undergraduate degree programs.
